

# CYBERSECURITY SUMMER CAMP!

## Join us at NW Cyber Camp 2018!

The camp will give you and other high school students an immersive, introductory experience to cybersecurity principles, including hands-on implementation in Windows and Ubuntu.

What better way to learn valuable technology skills and prepare you for a potential career in cybersecurity? Cybersecurity is a booming field and professionals are in high demand. Participating in this week-long camp will give you the core experience that will help you pursue internships.

## Curriculum and Highlights

- Introduction to cybersecurity and ethics
- Introduction to VMware Player
- Hands on security configuration of Windows and Ubuntu
- Mock cyber competition
- Guest speakers from leading cybersecurity companies including IBM, McAfee, Cylance and many more

NW Cyber Camp 2018 is a program organized and managed by EnergySec, Inc., a nonprofit organization focused on securing critical technology infrastructures.
